TLA Releasing and Vertigo Films present *Amor de Hombre*. It's Esperanza's 40th birthday and she is celebrating it surrounded by dozens of handsome men...all of them gay. So goes this story of this saucy woman's life, searching for love in all the wrong places, but keeping her head held high along the way. Her best friend Ramón has been her comfort for many years but their relationship is tested when he develops an obsession with a man of questionable quality. Part buoyant comedy, part touching drama, *Amor de Hombre* explores the many faces of love and the truest forms of friendship.
